

NOTICE OF CONSTRUCTION

Airport Terminal Building Expansion

The Abbotsford International Airport wishes to inform the public of Airport Terminal Building Expansion Project currently underway at YXX. YXX has experienced significant commercial passenger growth in recent years: 2016 (+9%), 2017 (+28%), and the 2018 passengers volumes are tracking with positive growth as well. This increase in aircraft service to the community has necessitated an expansion of the support facilities at YXX. In order to provide the public with a safe and efficient travel experience, the current facility shall be optimized and expanded to support the current and future passenger growth.

Construction Start: May 2018

Construction Finish: December 2018

Project Benefits:

This project will increase overall efficiency of the Air Terminal Complex and promote a safe and efficient traveling experience.

Project Highlights Include:

- 14,000 square feet of additional floor space
 - doubling of the passenger departure lounge
 - additional seating
 - integration of the International Arrivals building
 - passenger loading bridge upgrades
 - additional boarding gates
 - improved Wi-Fi
 - larger bag claim area
 - Pre-boarding Screening Area expansion.
-

What do Travelers need to know?

All travelers being dropped off at the Airport Terminal Building must utilize the Hourly Parking lot or the second drop-off curb. The first curb will be closed to the public for the duration of the Expansion Project. We sincerely apologize for any inconvenience this may cause.

Thank you for your patience

The Abbotsford International Airport and its contractors are aware that construction can be a disruption to daily life. We will work as quickly and efficiently as possible to minimize the duration of this project. For further information about this project, please do not hesitate to [contact us](#)
